Founder of Al Naqsh Al Raqi

Eng. Ahmed bin Khalifa Al Maawali

Founder & CEO | Mechanical Engineering graduate

He established the company in 2016. His journey began with a modest home-based workshop. Driven by vision, ambition and continuous development, the business grew into an integrated woodworking factory covering more than 1,500 m², supported by a specialized team of skilled technicians and administrators.

Today, Al Naqsh Al Raqi continues to expand its projects across the Sultanate of Oman, strengthening its position as a growing Omani name in joinery and interior solutions.

How We Work

One coordinated team, from the first sketch to final handover.

01

Planning & Design

Measurements, shop drawings and material selection, so every detail is agreed before production starts.

02

Manufacturing

Precise production in our Barka factory, combining skilled craftsmanship with modern machinery.

03

Delivery & Installation

Careful delivery to site, then installation and fitting by our own teams, coordinated with the project schedule.

04

Final Delivery

Quality checks and finishing touches before we hand the completed work over to you.

Complete project delivery: planning, production, installation and handover handled under one roof.
